RAMP and TELEVISED MASSES – While the final plans for the ramp to make the Cathedral wheelchair accessible are being formulated, a temporary metal ramp has been erected for this purpose at the parking lot side entrance to the Cathedral. Cathedral Masses are currently being electronically transmitted on closed circuit television to the Cathedral Chapel on the first floor. This accommodation will allow our parishioners and friends in wheelchairs to participate with us in our Sunday worship. Holy Communion will be brought to the Chapel by the gentlemen of the clergy for the fullest participation in the Mass of all for whom it is too difficult to ascend the staircases to the main worship space in the Cathedral. We hope those for whom this is helpful will avail themselves of this opportunity to join us downstairs both for worship at either Mass and for fellowship at the coffee hour after our second Mass.

THANK YOU - I personally want to thank every one of you for your prayers and cards during my recent hospitalization. I am quite certain they had a great deal to do with my surviving and recuperating from my open-heart surgery. There is no way to fully express my gratitude, except to say 'I Thank You'. *Roger Seliga*
